Dear Sirs,

We are pleased to say that we consider your Pitkeathly Water shews Whisky to more advantage than any other Aërated Water we have ever seen. It mellows and brings out the flavour of fine Whisky, while inferior Waters always deaden the character.

Dear Sirs,

Yours faithfully,

| „ „ 10 oz. „ 12 oz. | 4d. |

and so on, rising ½d for every additional 2 oz.

A letter posted unpaid is chargeable on delivery with double postage, and

* Inland Letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

a letter posted insufficiently prepaid is chargeable with double the deficiency.

No letter may be above 18 inches in length, 9 inches in width, or 6 inches in depth, unless it be sent to or from one of the Government offices.

NEWSPAPERS (INLAND).

The prepaid postage on every inland newspaper is one half-penny, but a packet, containing two or more registered newspapers, is not liable to a higher rate than the book-postage upon it would be. For each transmission a fresh postage must be paid.

A newspaper posted unpaid, or a packet of newspapers posted unpaid, or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight.

Any publication fulfilling the subjoined conditions can, upon payment of an annual fee of 5s, be registered at the General Post Office for circulation within the United Kingdom as a newspaper, as also for transmission to places abroad. Unregistered, a newspaper is liable to the book rate of postage.

- a. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.
- b. It must be printed and published in the United Kingdom; and in numbers at intervals of not more than seven days.
- c. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title, and the date, at the top of every subsequent page. This regulation applies also to "Tables of Contents," and "Indices."
- d. A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on paper, unstitched; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the paper. It must in every case be published with the paper, and have its title and date printed at the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

The title of every newspaper should be exposed to view.

All unregistered newspapers are treated as book packets, and are subject to the rates and regulations of the Book Post. If they are sent in a packet with one or more registered newspapers, the whole packet should be prepaid at the book rate.

A newspaper, if posted in a cover, must have such cover open at both ends, so as to admit of easy inspection, otherwise it will be treated as a letter.

A newspaper or packet of newspapers must not contain any enclosure except supplements, and no newspaper must bear on any part of it words of the nature of a letter.

The cover must not bear anything besides the title of the newspaper and the name and address of the sender and of the addressee.*

* In order that no failure may occur in the delivery of newspapers through the covers becoming detached, it is recommended that the addresses be written on exposed parts of the newspapers themselves, as well as on the covers.

A packet of newspapers must not weigh above 14 lbs., or exceed two feet in length, one foot in width, or one in depth.

Any newspaper or packet of newspapers, in the case of any of these rules being infringed, is chargeable, if under 8 oz., as a letter packet; and if over 8 oz. it is transferred to the Parcel Post, and charged a fine of 1d in addition to any deficient parcel postage.

BOOK POST (INLAND).

The prepaid postage is one half-penny for every 2 oz. or part of that weight. If posted unpaid the charge is double that amount; and if posted partially paid, double the deficiency,

A book-packet may contain any number of separate books or other publications, photographs (when not on glass or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. It may also contain all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (of paper or otherwise) in the case of books, pens or pencils in the case of pocket-books, &c., in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, &c., must not be sent as a separate packet; neither may a book-packet contain anything in the nature of a letter† (attached or otherwise), unless it be a "circular" (as defined hereafter).

A book-packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination. It may, however, be tied at the ends with string.‡

No book-packet may be above 5 lbs. in weight, 18 inches in length, 9 in width, or 6 in depth, unless it be sent to or from a Government office.

A book-packet, in the case of any of these rules being infringed, is chargeable, if under 8 oz., as a letter packet; and if over 8 oz., it is transferred to the Parcel Post, and charged a fine of 1d in addition to any deficient parcel postage.

When, owing to an unusually heavy influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book-packets may be kept back till the next despatch or delivery.

Circulars—i.e., letters which, from internal evidence, appear to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is produced by means of ordinary type, engraving, lithography, or other mechanical process—may also be sent by book post.

† Entries merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

‡ In order to secure the return of book-packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus "From — to —."

PARCEL POST (INLAND).

Parcels not exceeding 11 lbs. in weight are received at any Post Office for transmission between places in the United Kingdom.

In order that a packet may go by Parcel Post, it must be tendered for transmission as a parcel, and should bear the words "Parcel Post,"—which should be clearly written in the left-hand top corner. It is also very desirable that every parcel should bear the name and address of the sender on the cover, but in such a position as not to be mistaken for the address.

Every Post Office is open to the public for Parcel Post business on week days during the same hours as for general postal business. Parcels cannot be posted or delivered on Sundays throughout the United Kingdom, nor is any Parcel Post business transacted on that day. On Christmas Day and Good Friday in England and Ireland, and on Sacramental Fast Days, or the Public Holidays substituted therefor by the Local Authorities, in Scotland, there is one delivery of parcels, but no parcels can be posted.

The size allowed for an Inland Postal Parcel is—

| | |
|---|-------------|
| Greatest length, | 3 ft. 6 in. |
| Greatest length and girth combined, ... | 6 ft. 0 in. |

For example—

A parcel measuring 3 ft. 6 in. in its longest dimensions may measure as much as 2 ft. 6 in. in girth, *i.e.*, round its thickest part; or—

A shorter parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, *i.e.*, round its thickest part.

The most convenient mode of measuring is by means of a tape 6 ft. long, having the length of 3 ft. 6 in. marked thereon. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible.

The rates of postage are—for a Parcel—

| | |
|---|---------|
| Not exceeding 1 lb. in weight, | 3d. |
| Exceeding 1 lb., and not exceeding 2 lbs., | 4½d. |
| „ 2 lbs., „ „ 3 lbs., | 6d. |
| „ 3 lbs., „ „ 4 lbs., | 7½d. |
| „ 4 lbs., „ „ 5 lbs., | 9d. |
| „ 5 lbs., „ „ 6 lbs., | 10½d. |
| „ 6 lbs., „ „ 7 lbs., | 1s 0d. |
| „ 7 lbs., „ „ 8 lbs., | 1s 1½d. |
| „ 8 lbs., „ „ 9 lbs., | 1s 3d. |
| „ 9 lbs., „ „ 10 lbs., | 1s 4½d. |
| „ 10 lbs., „ „ 11 lbs., | 1s 6d. |

No parcel is accepted which weighs more than 11 lbs., or is not sufficiently paid. The postage must, in all cases, be paid in advance, and by ordinary postage stamps, which must be affixed by the sender before tendering a parcel for transmission by Parcel Post at a Post Office.

Parcels must not be posted in a letter-box, but must be taken into a Post Office, and handed over the counter. Care must be taken that every parcel bears a clear address.

INSURANCE AND COMPENSATION (INLAND).

The Postmaster General will, subject to certain conditions, give compensation for the loss or damage of inland parcels according to the following scale :—

1. Where no fee except postage is paid, compensation will be given to an amount not exceeding £1.
2. Where in addition to the postage an insurance fee of 1d is paid, compensation will be given to an amount not exceeding ... £5.
3. Where in addition to the postage an insurance fee of 2d is paid, compensation will be given to an amount not exceeding ...£10.

In no case will a larger amount of compensation than £10 be paid.

The compensation given in case of damage will be in proportion to that which would have been given had the parcel been lost ; but in no case will it exceed the value of the article lost or the damage sustained.

Where no insurance fee is paid, but it is desired to secure compensation, a certificate of posting should be obtained from the officer receiving the parcel. This certificate must be filled up by the sender, and handed to the officer of the Post Office, who will sign and return it to him. Forms of certificate can be obtained at any Post Office, and from any rural postman.

No legal liability to give compensation in respect of any parcel will attach to the Postmaster General, either personally or in his official capacity, and whether or not an insurance fee has been paid. Accordingly the decision of the Postmaster General as to all questions of compensation will be final.

POST CARDS (INLAND).

Official Post Cards, impressed with a half-penny stamp,—double or reply Post Cards impressed with a half-penny stamp on each portion of them,—and private Cards impressed at the Office of Inland Revenue with half-penny stamps,—may be transmitted between places in the United Kingdom with letters printed or written upon the back. Adhesive stamps are not accepted in payment of the postage.

The front (or stamped) side is for the address only, in addition to the words printed thereon. Nothing else must be written, printed, or otherwise impressed on it or the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached ; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d on delivery.

When owing to an unusually heavy influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with indiscriminately, Post Cards (unless paid for and posted as late letters) may be kept back until the next despatch or delivery.

Post Cards are sold at 7d per dozen ; superior quality, 8d.

Double or reply Post Cards are sold at 1s 2d per dozen ; superior quality, 1s 4d.

REGISTRATION (INLAND).

The fee for registering a letter, newspaper, or book-packet, is twopence, and this registration fee and the postage must be prepaid, except on official

letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

No article addressed to initials or to a fictitious name can be registered, unless it be addressed to the care of a person or firm.

Every article presented for registration must be enclosed in a strong envelope, securely fastened.

Every article to be registered must be given to an agent of the Post Office, and a receipt obtained for it; and it should on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into a letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of 8d, instead of the ordinary fee of 2d.

The loss of a registered article (as it can be traced through its whole course) is a rare occurrence. Nevertheless large sums of money or other articles of great value should not be sent through the post, even if registered; as the machinery of the Department is not arranged with a view to such transmissions. If sent *unregistered*, valuable articles are exposed to risk; consequently inland letters or packets which contain coin, watches, or jewellery, if posted without registration, are subjected to registration, and are charged on delivery with a fee of eightpence in addition to the ordinary postage. If they cannot be registered in time to be forwarded by the mail for which they are posted, they are detained for the next despatch.

By law the Postmaster General is not responsible for the safe delivery of registered articles; but henceforth he will be prepared to make good the contents of a registered article lost while passing through the Post *to the extent of £2*, in certain cases, provided that the sender duly observed all the conditions of registration; that the article was securely enclosed in a reasonably-strong cover, and if it contained money, that it was enclosed in one of the Registered Letter Envelopes sold by the Post Office; that application was made to the Secretary of the Post Office immediately the loss was discovered; and that the Postmaster General, whose decision shall be final, is satisfied that the loss occurred while the article was in the custody of the British Post Office, and was not caused by any fault on the part of the sender.

LETTERS (FOREIGN).

The Compensation granted will be according to the following scale:—

1. Where no fee except postage and the registration fee is paid, compensation will be given to an amount not exceeding ... £2.
2. Where in addition to the postage and the registration fee an insurance fee of 1d is paid, compensation will be given to an amount not exceeding £5.
3. Where in addition to the postage and the registration fee an insurance fee of 2d is paid, compensation will be given to an amount not exceeding £10.

Letters posted unpaid, or insufficiently paid, to any country where payment is compulsory, are returned to the writers.

Letters posted unpaid, or insufficiently paid, for Australia, New Zealand, Cape Colony, or Natal, are charged 6d each in addition to the deficient postage; and to or from St. Helena are charge double the amount of deficient postage.

Unpaid letters addressed to countries in the Postal Union are charged double the prepaid rate, and those partially prepaid are charged with double the deficiency.

No letter for a colony or foreign country may exceed 2 feet in length or 1 foot in width or depth.

NEWSPAPERS (FOREIGN).

The rates of postage, *which must be prepaid*, to Foreign countries and the Colonies on newspapers registered for transmission abroad will be found in the Table of Foreign and Colonial Mails, page 51.

All publications registered for transmission abroad *must be posted within eight days from the date of publication*, including that day ; and any newspaper posted more than eight days after the date of publication, as well as any unregistered publication, must be prepaid at the book rates of postage.

The collected numbers issued during the month of a weekly or fortnightly publication are not allowed to pass as a monthly publication.

Newspapers, whether posted in covers or without covers, must not be so fastened as to prevent easy withdrawal for examination. No packet of newspapers for countries of the Postal Union may exceed 18 inches in length or 1 foot in width or depth, or for other places abroad 2 feet in length or 1 foot in width or depth. For limit of weight see Table of Foreign and Colonial Postage, page 51.

PARCEL POST (FOREIGN).

A Parcel Post is established between the United Kingdom and the countries named in the list given on page 49.

The dimensions are the same as for the Inland Parcel Post, except for European countries, 2 feet in any direction ; for Jamaica, length, 2 feet, girth 4 feet.

Dangerous or offensive articles, and contraband articles, must not be sent by means of this Parcel Post. Parcels exceeding £50 in value are also prohibited to India, Egypt, St. Helena, and the Cape of Good Hope.

A declaration of the contents and their value must accompany every parcel. Customs duty is collected on delivery.

BOOK POST (FOREIGN).

Articles which may be sent to places abroad under the Book Post Regulations consist of (a) "Commercial Papers," comprising all papers or documents written or drawn wholly or partly by hand (except ordinary letters, &c.), documents of legal procedure, invoices, manuscript music, and other papers of a similar description ; and (b) "Printed Papers," including periodical works, books, pamphlets, sheets of music (printed), engravings, photographs, drawings, plans, maps, catalogues, prospectuses, circulars, &c., &c.

The two classes are subject to the same rates of postage, except that when addressed to countries in the Postal Union the minimum rate for Commercial Papers is higher than that for printed papers, viz., 2½d in every case, however small the weight. If there be any mixture of the two in the same packet the whole packet is treated as Commercial Papers.

The rates of postage, which must be prepaid, on packets to places abroad

are given, under the heading of Books, in the Table of Foreign and Colonial Mails, page 51.

All books and printed matter imported into the United States through the post, however small the value, are subject to a duty of 25 per cent. of that value—the exception hitherto accorded to books not exceeding one dollar being withdrawn. The limit of size for packets same as Newspapers (Foreign).

PATTERNS AND SAMPLES (FOREIGN).

There is a Pattern and Sample Post to Foreign Countries and the Colonies generally; but it is restricted to *bona fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, can only be forwarded as letters.

No article liable to Custom Duties can be sent as a sample or pattern.

The rates for Patterns are the same as for Books, except that the lowest charge is 1d for a packet addressed to any of the countries to which the postage is $\frac{1}{2}$ d per 2 oz. for Books.

POST CARDS (FOREIGN).

Post Cards for abroad, with impressed stamps of 1d, $1\frac{1}{2}$ d, and 2d each, are sold at those rates, and are transmissible to all the countries of the Postal Union without extra charge.

Reply Post Cards for certain places abroad are also issued, those with a 1d stamp impressed on each half, price 2d; those with a $1\frac{1}{2}$ d stamp on each half, price 3d; and those with a 2d stamp on each half, price 4d.

The regulations relating to Inland Post Cards apply also to Cards posted for places abroad, except that the latter, when these regulations are infringed, are not forwarded.

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered), nor is the Post Office responsible for any injury which a packet may sustain during its transmission.

Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Neither money or any other article of considerable value ought ever to be sent through the Post, except by means of a money or postal order, or in a registered letter. Any person who sends money or jewellery otherwise, not only runs the risk of losing his property, but exposes to temptation every one through whose hands his letter passes.

Letter-boxes for the receipt of late letters bearing the extra stamp of $\frac{1}{2}$ d are affixed to all Mail Trains in which Travelling Post Offices or sorting carriages are run.

At all offices which are open on Sunday the public are allowed to pur-

chase postage stamps and to have letters registered during the time such offices are open.

To facilitate the delivery of letters, a Letter-box should be affixed to every house-door.

MONEY ORDERS.

When applying for Money Orders, the public should use the printed "Application Forms," which are supplied gratuitously at all Money Order Offices.

The commission on Inland Money Orders is :—For sums under £1—2d ; for sums of £1 and under £2—3d ; £2 and under £4—4d ; £4 and under £7—5d ; £7 and not above £10—6d.

No order may contain a fractional part of a penny.

The applicant must furnish in full the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Foreign Orders the full address of the payee must be given ; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name must also be furnished.

Exceptions.—1st. The remitter of an Inland Order may direct at the time of issue, that the Order be crossed like a cheque thus, & Co. and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.

2nd. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3rd. The usual designation of a firm is sufficient, except when a company trades under a title which does not consist of the names of the persons composing it, as the "Carron Company," but even a designation of this nature may be accepted provided the Order be crossed for presentation through a Bank.

The holder of an Inland Money Order may direct, by crossing it, that the Order be paid through a Bank, even though its payment was not originally so restricted.

Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless, when a good reason can be given for the delay in presenting it, an application for payment, subject to a certain deduction, is entertained. No application can be entertained for compensation for alleged injury from the non-payment of Money Order at the expected time.

Money Orders are issued in the United Kingdom on the following Foreign countries, British possessions, Agencies, and Colonies, at the rates of commission shown below :—

FOREIGN COUNTRIES.—Austria, Belgium, Bulgaria, Denmark, Danish West Indies, Dutch East, Egypt, France (with Algeria), German Empire, Hawaii, Holland, Hungary, Iceland, Italy (with offices on the Red Sea and in Tunis), Japan, North Borneo (Sandakan), Norway, Portugal (including Maderia and the Azores), Rumania, Sweden, Switzerland, United States. BRITISH AGENCIES.—Constantinople, Smyrna, Adrianopol, Beyrout, Philippopolis, Salonica, Panama, Tangier. BRITISH POSSESSIONS AND COLONIES.—Belzie, Bermuda, British Columbia, British Guiana, Cape of Good Hope, Canada, Ceylon (with agencies at Shanghai, Amoy, Canton, Foochow, Hankow,

POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

The charge for telegrams throughout the United Kingdom is 6d for the first 12 words, and $\frac{1}{2}$ d for every additional word. Addresses are now charged for. The public are required to affix the stamps to the message forms just as they are required to affix stamps to letters.

When the terminal office, *i.e.*, the office situated nearest to the address, is a Head Post Office, the amount paid for transmission covers the cost of delivery within one mile, or within the town postal delivery of that office when the delivery extends for more than a mile. But when it is not a Head Post Office, the message is delivered free within the limit of one mile only.

When the addressee resides beyond the free delivery, portorage is charged at the rate of 6d per mile or part of a mile, provided the whole distance does not exceed three miles; but the charge is calculated from the boundary of the district within which no portorage is levied. For instance, if the addressee's residence is a mile and a quarter from the terminal office, and also beyond the town postal delivery, the charge for portorage would be 6d; if the distance is above two miles and under three, 1s.

If the addressee resides at a greater distance than three miles from the terminal office, portorage is charged, for delivery by mounted messenger, at the rate of 1s per mile (except in Ireland, where the charge usually is only 8d per mile), the distance being a reckoned from the office door.

REGISTRATION OF LETTERS, &c.—A Letter, Book, or Packet can be Registered to any part of the United Kingdom for a fee of Twopence, up to half-an-hour before the time for Posting Ordinary Letters, and for a late fee of Fourpence till the closing of the Box.

POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

The charge for telegrams throughout the United Kingdom is 6d for the first 12 words, and $\frac{1}{2}$ d for every additional word. Addresses are now charged for. The public are required to affix the stamps to the message forms just as they are required to affix stamps to letters.

When the terminal office, *i.e.*, the office situated nearest to the address, is a Head Post Office, the amount paid for transmission covers the cost of delivery within one mile, or within the town postal delivery of that office when the delivery extends for more than a mile. But when it is not a Head Post Office, the message is delivered free within the limit of one mile only.

When the addressee resides beyond the free delivery, portorage is charged at the rate of 6d per mile or part of a mile, provided the whole distance does not exceed three miles; but the charge is calculated from the boundary of the district within which no portorage is levied. For instance, if the addressee's residence is a mile and a quarter from the terminal office, and also beyond the town postal delivery, the charge for portorage would be 6d; if the distance is above two miles and under three, 1s.

If the addressee resides at a greater distance than three miles from the terminal office, portorage is charged, for delivery by mounted messenger, at the rate of 1s per mile (except in Ireland, where the charge usually is only 8d per mile), the distance being reckoned from the office door.

ASSURANCE AGAINST ACCIDENTS OF ALL KINDS. DEATH AND DISABLEMENT—FULL BENEFITS.

Accident Assurance has of late years so vastly developed that arguments to prove its utility are quite unnecessary. It is a well-known fact that by far the greater number of Accidents are due to the common casualties of every day life, and are not confined to those following the more hazardous occupations. All should therefore be Assured.

Special Bonus Policy to Non-Claimants.

Holders of Policies of £750 or £1000, with full Benefits, will be allowed the following Annual Reduction, providing No Claim is made :—

- 5 per cent. off Second Year's Premium.
- 7½ per cent. off Third Year's Premium.
- 10 per cent. off Fourth Year's Premium.
- 15 per cent. off Fifth Year's Premium.
- 20 per cent. off Sixth Year's Premium.
- 25 per cent. off Seventh Year's Premium.

The Reduction of 25 per cent. continuing each year so long as no claim is made.

In the event of a Claim arising the following year's renewal will be granted with a reduction of only 10 per cent., with still further reductions each year, as above described, until 25 per cent. is again reached.

For Example, an Assurance under Class I. of

£1000 in case of Death,

£1000 for Permanent Total Disablement,

£500 for Permanent Partial Disablement,

£6 per week for Temporary Total Disablement,

And £1 10/- per week for Temporary Partial Disablement,

Can be obtained by a payment of £4, reduced each year until £3 is reached.

FIDELITY GUARANTEE BONDS

Are granted, providing Security for the Fidelity of Persons holding positions of Trust and Responsibility.

The Bonds of this Association are accepted by H.M. Local Government Board, for Clerks to Guardians, Collectors of Rates, Relieving Officers, &c. By H.M. Inland Revenue Board, for Collectors of Taxes, Distributors of Stamps, &c.

Bonds are also granted on behalf of Corporation Officials, and all Commercial Appointments.

EMPLOYERS' LIABILITY ASSURANCE.

Employers of Labour of every description are liable under the EMPLOYERS' LIABILITY ACT, 1880, to make compensation to their workmen for personal injuries sustained by them while in their service, to the extent of THREE YEARS' EARNINGS.

ABSOLUTE INDEMNITY from all loss under this Act, INCLUDING ALL LEGAL EXPENSES, given by this Association's Policy, at rates varying from 1s. per £100 of wages and upwards.

JOINT INSURANCE FOR MASTERS AND MEN, without contracting out of the Act. The Association also issues Policies to cover ALL ACCIDENTS DURING OCCUPATION, whether the Employer is liable or not, at rates varying from 6s. per £100 of wages and upwards. The following are the usual benefits, but they may be modified to meet the wishes of the Employers and of the Workmen:—

I. Where the Employer is liable—

Full compensation as provided by the E. L. Act.

II. Where the Employer is not liable—

1. In case of death—One Year's Wages (Limited to £50).

2. During Total Disablement—One-third of Weekly Wages (not exceeding 26 weeks).*

The Premiums for these Policies are paid in full by the Employer, who, by arrangement, deducts from the workmen's weekly wages their contributions. These, for the above benefits, vary from ½d to 2d per week, according to occupation.

SPECIAL POLICIES are issued to Farmers Assuring the Payment of Wages for all Accidents to their Servants at a Premium of 10s per cent. on the total Wages paid.

 Prospectuses of all information can be had on application to the Secretary, or any of the Company's Branch Offices.

By the spirit and enterprise of its Managers, the *ADVERTISER* has become a splendid Advertising Medium, and is now invariably selected for all important announcements intended to be brought under the notice of the Mercantile, Manufacturing, Shipping, Professional, and Agricultural interests. Its London Offices at 186 Fleet Street are connected by special telegraph wire with the Head Office in Dundee, and it has also Branch Offices with Special Reporting and Publishing Staffs attached, in the following important centres—viz., Forfar, Arbroath, Montrose, Aberdeen, Cupar Fife, Perth, Stirling, Edinburgh, and Glasgow.

SPECIAL NOTICE.—Sole agent for the North of Scotland for the Cellular Cloth and Clothing Co., Limited, LONDON.

The special qualities of cellular clothing are :—

1. It is practically a supplementary skin, retaining warmth, and yet permitting of free evaporation.
2. It is warm in winter, cool in summer, and wherever, as in the tropics, evaporation requires to be least impeded, it is most efficacious.
3. It is of all clothing the cleanliest.
4. It is very easily washed by the ordinary methods, does not shrink, and is cleansed quicker than any other fabric.
5. It is economical from the first ; it can be easily worked into any form of clothing ; and it wears to the greatest possible advantage.

N.B.—Cellular Cloth is entirely of British Manufacture.

HEALTH says—“ One of the best tests of the value of Cellular Cloth for the preservation of health against chill is to be found in the fact that, as we ourselves have experienced, a Cycling Shirt of this material after a long run on the tricycle, instead of being saturated with perspiration, remains comfortably dry.”

The SCOTTISH CYCLIST says—“ We unhesitatingly recommend it for use in Cycling and Tennis and other pastimes, and as very suitable ordinary underclothing for summer.”

Further Press opinions contained in Price List. Cycling, Tennis, and Cricket Clubs would find it to their advantage to apply for same.

SAVINGS BANK

OF THE

COUNTY & CITY OF PERTH,

(Established 1838, and Certified under the Act of 1863.)

AND

GOVERNMENT ANNUITY OFFICE.

THE OFFICE, TAY STREET, PERTH,

IS OPEN EVERY DAY, EXCEPT SATURDAY, FROM TEN TILL
THREE.

ON SATURDAY FROM TEN TILL TWELVE NOON, AND FROM SIX
TILL EIGHT EVENING.

N.B.—No Money paid out on Saturday after Twelve noon.

THIS BANK receives Deposits of One Shilling and upwards, but not more than £30 in one year, ending 20th November, or £150 in all, which may accumulate, at Compound Interest, till it reaches £200.

Certified Friendly Societies may lodge their whole Funds. The Deposits of other Societies and Charitable Institutions are limited to £100 in one year and £300 in all.

INTEREST, at a comparatively high rate, is added to the Principal once a year, at 20th November, irrespective of the Depositors' personal attendance at the Bank for that purpose, by which they derive the benefit of *Compound* Interest.

GOVERNMENT ANNUITIES, from £4 to £100 a-year, and the Insurance of Lives, may be contracted for through this Bank. Particulars may be had on application at the Office of the Bank.

The numerous advantages of the Institution will be seen from the Pass-Books, which are given to Depositors free of any charge.

The Funds of the Bank are securely invested, and the whole Accounts are periodically audited by a professional Auditor unconnected with the Bank.

The total amount of Funds invested 20th November, 1888, was £656,096 1s.

The total number of individual Depositors at the same date was 20,917, embracing members of every section of the labouring and industrial classes.

The Bank opened in 1839 with 859 Accounts ; now they number upwards of 20,000.

The Capital in 1839 was only £3000 ; now it is upwards of £650,000.

The utility and success of this Bank are thus sufficiently apparent from the amount of Business which has been done since its establishment in 1838.

TESTIMONIALS.

Dr. CALDER writes:—

"I have on several occasions made use of Hardie's 'Oileteau' in the treatment of Bald Patches on the head, the result of Ringworm, and I am satisfied it is of great use as an application in such circumstances.

"As a stimulating, innocuous Hair Wash, I think it is excellent.

AUG. B. CALDER,
M.D., &c.

G. W. WHEELER, Lecturer on Diseases of the Hair and Skin, and President of the British Tricological Association, says:—

"I have used the same for years in the following Diseases of the Skin with the most successful results—As a preventive of Baldness, *Alopecia Vulgaris*, *Alopecia Areata*, to renew the hair after *Tinea Tonsurans*, and in scurfy conditions of the scalp of a dry nature.

"It is one of the purest and most harmless preparations that I have ever used. It should command a large sale."
